**FOOD (\*\*\*\*):** Singing Hound Inn in Elenium in RE. This inn is located in the warehouse district. We found their food delightful but their service was very slow. They have a fried halibut that was superb for 96cc, and the dragon steak is very good at 175cc, the nymph knocker potatoes are very good as well and the Red Beer from the Elf Lands was an excellent choice for this meal. The owner **Bomcor Ven the owner was attentive, but her staff was slow.** So for good food try it but be prepared to spend some time.

**Eagle's Keep, Tower of the Pearl, RE:** A part of the town is reported to have a magic dead zone. Wizard's in the area claim no need for concern.

**Vaylin, Elf Lands:** (Rumor) A bad batch of purple hued fungus in the food has left the magistrate a little short handed as the guards are all bedridden. That night a rash of gnome thieves reign terror on the town, stealing anything not nailed down and leaving little clockwork surprises for the locals.
