Tiara

The Tiara River Inn is completed. The inn, an architectural marvel, spans the river more than 50' and those dining there enjoy views of the water a nice breeze being some 30' above the water. The owner Zmine Dara greets all who enter with a warm smile and is always ready to swap adventure stories with her fellow adventurer's.

Black Rock Tribe: Seen marauding around the northern borders of the Sovereignty of Cata. King Arthur is said to be sending Knights in response.

Darkmoor: A squad of The Wicked were seen around Darkmoor in Pelen. These evil holy warriors are to be feared especially at night.

Celestial Choir: Rune Jayis the leader of this small group of Bards has gone missing.

Elf Lands: Jyn Ashblade a holy warrior of Tylora is wanted for the theft of several artifacts stolen from the Temple Vaults in the Elf Lands City of Misty Vale. A reward of 4,000gc is offered for his capture (Dead or alive)

Halmir: City of the Triad in the Kingdom of Elenia, has uncovered a vein of Titanium and the city has put out the word it is offering incentives to miners and metal workers.

Magical Mermaid Pub: We review the pub and find it to our liking. We arrived to chant of dwarven war songs very soothing and it really set the mood for a good evening. Their signature drink [Efreeti Schnapps](#) was only 18sc and well worth the bottle. We ate calamari and beef Tyr, both were excellent. The dwarven blue cheese was tasty but more for those who want more authentic dwarven cuisine.

The Worthy Cause: The spotlight is on the adventuring group from the Mineral Islands this week. We wanted to catch up with one of its founding members Pandion Frana a male Jotnar who just graduated from Tulan Naval Academy the most prestigious Naval Academy in the world. Son of a fisherman from Diamond Port in the country, Domain of the Sea Hunters. He had many stories to tell about a gold dragon (?) and being taken under the sea by a creature to a port to talk with a strange woman named Rachel. He is now heading back out to join his fellow adventurers who are heading out not for something they call "The Titan's Tear". He would not say more but it seemed pretty important and they said it could save many lives so we wish them well.

To the Bat: The Cat wants you to come back and play.
