The battle is won. Devil's Deep has been cleared out, and now it is time for the forces of good to return home and heal. The Black Queen fought and well but ultimately the elf, human and gnome armies led by Master Plix, won the day. Aluin Talin, the Black Queen, escaped. The greatest loss is Katie Kuldee. All Aluin's forces closed on her and murdered her. Despite all the magic available nothing could bring her back to life.

The Altar of Ellina is happy to announce that Henry Picket of Endorian Coast has accepted the appointment to the Council of Altars.

Siginzâr: The famed city of the dwarves has started sending expeditions out to explore the ruins of the cities razed during the Jidarian War. Two expeditions have been lost but a 3rd under the leadership of an experienced adventurer, Dane McGuire has returned with some treasures and information about those first cities that fell.

Pandion Frana has returned to his naval career and a promotion to 1st Lt. His adventure went well but has said little else on the matter.

FOOD (***) Siginzar:** The new Inn: The Laughing Sister has just opened. The former owner died, and the Tempting Fox tavern fell on hard times. Nesric an old fighter purchased it and is settling down. The inn has all the services you expect from a traveler's inn and has a small stage for entertainment. The underground fishing has been great; we tried the boiled Eel and the Codfish, both were excellent. The staff was polite but a little slow, but we had a good time, and it was worth the excellent water fare.

Blue Tankard Inn: A band of gypsies has set up camp and offers its services to adventurers. Many fortunes have come true, and this has caused the inn to attract would-be adventurers from all over Aviron.

Urlandails's Gem has gone missing. All thieves in the realm are trying to prove themselves.

A Griffon is a reward for the location of Father Loudelowe's burial site.

Port Justice: Ellina Temple nearly complete. The next high priest to be chosen during the next Meeting will be the high priest of the Altar.

Sea: The Sea Dragon has been raiding ships between Peak Island and Regnum Eon. A bounty is set 5,000gc on the captain and crew of the Dragon.

Cross Roads: Auric Whitehorse, arrested for allegedly murdering several families in the area. Auric's wife, Gwendolyn, does not believe the accusations and has set out to prove his innocence.

Son of adventurer is missing: Drake Serrra is missing. Drake was seen recently in Tiara looking for his brother Andraeus. The family is returning home to Black Sapphire Atoll to search there.

The Adventuring Group: **Men of the Claw** has been lost for over one year. Those that care need to look for them.

Siginzâr, also known as the Stronghold of Azradan is located in the NE of Aviron and stood with Korak's Reach during the war. They have since recovered from the war, but still in need of trade with other countries. They have gems and metal ores to trade for food and textile goods. Lord Nostrus will be able to negotiate for the town's needs.
